- Type your story.
- Make the necessary drawings for your story.
- Color your drawings.
- Cut and paste your drawings and story into a storybook.

 - Determine how many sheets of paper you will need by noting the size of the drawings and the amount of type for the story.
 - Before attempting to put the pictures and text into a book, layout each page on the table or counter top in sequence.
- HINT: If you are using paste, it is best to use only ONE SIDE of a sheet of paper on which to attach your story, leaving the other side blank.
- Be sure to include a cover page with a typed title and a cover illustration.
- Reminder: Practice on typingclub a minimum of 10 minutes a day.
