INDEPENDENT LEARNING 1: EXPLORATION – AGES 4-7

If you haven't done so already, please read the blurb under Independent Learning – Introduction. THANK YOU.

There is 1 PDF and 1 Video for this course. The instructions are HERE and in the Video.

This 'Course' is SIMPLE and probably the most satisfying of all.

YOU have a child who is curious about the world and probably SOME THING or THINGS in particular. RUN WITH IT. Help him fulfill his curiosity with books – remember the LIBRARY, friends and relatives – and youtube and the like. If it is something he wants TO DO, see what YOU can do to make it possible, at least on some level. Satisfying a young person's curiosity will pay-off big dividends down the road.

Also, KEEP RECORDS.

Start a BRAND NEW Composition book. Label it: _____'s (Your Child's Name) Independent Learning Journal or Diary – Your Choice. Begin the first page with the date Independent Learning was begun and what was done.

Keep the Diary up-to-date. KEEP the DIARY.

Independent Learning is something that happens year round whether

formally 'in school' or not. That's it. Simply parenting, really.
